

Bioceros is now Polpharma Biologics

Dear Sir/ Madam

We recently wrote to you to inform you that we were changing the name of our business from Bioceros to Polpharma Biologics Utrecht. This change is now effective as of 13th July 2020. Bioceros was acquired by Polpharma Biologics in 2016 and since they have been investing in the Dutch site, technologies and employees to create world leading discovery and development capabilities.

This further step by Polpharma Biologics to integrate the Utrecht site and advanced discovery and development capabilities fully into their already extensive biologics development and manufacturing offering makes Polpharma Biologics a truly integrated biopharmaceutical CDMO, offering the complete spectrum of services from discovery to drug substance and drug product development and manufacturing for clinical and commercial supply.

Please be assured there will be no change in the attention and detail we pay to every one of our clients projects in Utrecht and will continue to deliver to the highest standard.

As of the 13th July

- Our registered name changed from Bioceros B.V. to Polpharma Biologics Utrecht B.V.
- Our email addresses changed
from initial.surname@bioceros.com to firstname.lastname@polpharmabiologics.com

If you have any questions please don't hesitate to contact us on +31 889956320 or via email to jurre.jansma@polpharmabiologics.com.

A full list of our current details are available here:
